Thank you for choosing the Two Technologies' Safari™ hand held computer. We are certain that this product will meet or exceed the requirements for your application. If you should have any questions that are not answered via the documentation provided, please do not hesitate to contact our Technical Support Group by phone at 215.441.5305 or via e-mail at [tech\\_services@2T.com](mailto:tech_services@2T.com).

### Charging the Battery

- Charge your Safari by connecting it directly to the power supply or by placing it into the optional charging cradle.
- The initial charge of the battery should be 6 hours or more to ensure a full charge of the battery.
- For additional information regarding the operation of the unit, please refer to the User's Guide which can be found on the Utilities CD.\*

\*The Utilities CD containing the User's Guide is only included in developers kits.

Key functionality on the 26 key configuration (as shown below) is identical to the 41 key configuration. For questions please contact us at 215.441.5305.
